BARGAINS

TO-DAY

Adds Several New Lots of Bargains.

This week finds our whole house at its best for Bargains. Whatever is to be marked down this season is now ticketed, and the first one to see and appreciate it saves money.

CLOAK ROOM

Our Cloaks are still the centre of attraction and our sales of Dolmans, Walking Jackets, Ulsiers and Circulars are nearly as great now as they were before the new year. The fact is there are very few in our entire stock that have not taken a place in our Cloak Room since that thine, consequently they are all bright and fresh in approved trimmings and shapes. Almost every lady who has seen them compliments us upon the freshness and beauty of our display. You are respectfully invited to give us a call.

A Register "Exclusive." Last evening an INTELLIGENCES reporter ran across Hon. C. J. P. Cressp, of Randolph county, and was accosed by that member with the question, "Say, did you see that disay story about a murder and lynching in my county, published in the Register a few daws need."

"Yes."

"Well, I'm sure it's a decided boax, and the man that wrote it went off at balf cock. Here is a letter from my wife written from Huttonsville on the 30th, Monday, and she falls to say anything about it. Now, she would write something about it if such a thing had happened. I have seen a half dozen letters written from Randolph county since Saturday and in not one of them is there any reference to the affair. Albert Bosworth, Randolph County Superintendent of Free Schools, arrived in the city this evening, and he doesn't know anything about it."

And so one more enterprise and scoop is dissolved.

YESTENDAY afternoon the crew at the hook and ladder house had hitched up for the purpose of going out for a little exercise. Will Clator, the tillerman, was giving his attention to his wheel, and did not notice that the ropes which hold the harness were banging low. The result was, a loop caught him under the chin and nearly jerked his head off. He was cut under the chin.

SQUIRE SOURLIER has Mad before him a civil suit with some funny features. It seems that three years ago this winter a Pittaburgh drummer who was in the city hired a horse and sleigh from Asmus, of the Eighth ward, and took a young lady sleighing. He falled, however, to pay for the sleigh. Tuesday, he was in the city again, and Asmus, learning of it, swore out the necessary papers, and although the Pittaburgher kicked hard he had to come down with \$\frac{37}{75}\$.

A VARIETY OF VALENTINES.

Some of the Pretty Novelties Intro-duced This Year.

The approach of the day which custom has hallowed as sacred to St. Valentine was long hallowed as sacred to St. Valentine was long ago heralded by the display of valentines of varying degrees of hideousness in the windows of dealers. The usual run of so called "comie" daubs with poor caricatures and worse doggerel are on hand as in former pebraray is the happy day.—Bellaire Indevens, but in the finer lines of articles there pendent.

more elaborate styles. These r fifty cents to \$3 00 as to price, the one contains but a single-scent. The fringe mania is seen in n vated forms this year, and the devated forms this year, and the delicate import rose, pearly gray, crimson and other huss are embodied in the fringes which surround these pretty objects. Prang's "Blonde and Brunetts" are two examples of this work that would be hard to exceed for richness. Another very lovely chromo valentine shows a lonely sort of maiden pacing the seashore over the lines, "When through the lonely fields I walk." The purport of the poem and picture is that when so employed she is liinking solely of her valentine. For children, apparently, are the lower priced but scarcely less pretty valentines and cards. They are destined surely to cultivate the tinciplent love of pretty things that most youngsiers possess, and, at least, must create a dislike for anything homely or commonplace. Messra, E. G. Cracati, W. B. Simpson, Geo. B. Caldwell, Robert Simpson, Philo Kimberly, Beni, Fisher, Wm. Hastings, Alf. Caldwell, M. Reilly, John Boring, Dr. Reeves, A. J. Clark, Frank Hearn, B. A. Galligher and J. D. Culbertson,

Mr. Kimberly and Mr. Boring appeared in opposition to the proposed change. Mr. Kimberly proposed an amendment to the bill providing for the submission of the proposed legislation to a vote of the qualified voters of the city. City Solicitor Caldwell opposed this sumednent and champloned the bill, opening the discussion with some remarks upon the merits of the bill. Mr. Kimberly followed with a vigorous argument in favor of his proposed amendment and in opposition to the bill as well.

Mr. Hearn made a statement of the inconvenience and loss to the Riverside Iron Company for stoppages last year on account of slack supply of water. He said that last year the works lost forty days on this account which meant the loss of that many days' labor to each employe, about 800 in all, and involved a total loss to the workingmen of the city of about \$40,000. So far this year they have lost four days, and several parts of days.

they have lost four days, and several parts of days.

Mr. Boring made a brief argument against the bill, adducing some figures in support of his position.

Mr. Cracraft followed with a spirited speech in favor of the bill, during which he and Mr. Kimberly indulged in some oratorical cross fire. Mr. Kimberly rejoined, and in the course of his remarks ventured the guess that Mr. W. B. Simpson, Commissioner of the gas works funds, had less money in his possession to-day than a year ago. He asked if he were not correct. Mr. Simpson replied that he has at present in his possession more money belonging to the gas works than at any time in the past five years. This raised wholesome changes in the laws anecting Oblic country. The members were assisted by Hon. R. G. Barr. The result of the meeting was the auggestion of the following changes, which, if meeting with the Board's approval, will be drafted as bills and presented to the Levislature. Legislature.

First—A stringent tramp or vagrant law, by which any person or tramp, having a family, partially or entirely supported by the county, may be arrested and brought before a Justice of the Peace, and if upon a hearing such person be found to be a tramp, or to have a family aided by the county, then the justice may order him to be sentenced to work on the roads, bridges or public improvements of the county for a period of not less than thirty days or more than six months.

that he has at present in his possession more money belonging to the gas works than at any time in the past five years. This raised a slight laugh at Mr. Kimberly's expense, but he gracefully accepted the situation, and said he was glad to hear it.

Geo. B. Caidwell. Esq., and Hon. Alfred Caldwell also made arguments in favor of the bill and against the amendment. The latter advanced the new argument against the amendment that it was unconstitutional to submit a law to the people to be ratified, and then the deard may engled in not less than thirty days or more than six months, and the Board may employ him on such work as it deem proper. Proper arrangements shall be made for his safe keeping and confinement at night.

The next matter that was suggested was that in the case of fines imposed by a justice in the matters of assault and battery, breach of the peace and personal trespass, the same shall be paid into the county treasury for the benefit of the county.

The next point taken up was the salary or compensation of justices and the following was sketched out: The Board of County Commissioners of the county may prescribe and regulate the fees of Justices of Peace either by fixing a salary or governing the compensation by a schedule of fees. In either case the justice shall be required to report to the Board of Commissioners quarterly, giving a statement under oath show-

ity that the committee will report the bill back as it came from Council, with the rec-ommendation that it pass.
